MESSAGE FROM BOARD CHAIR

On behalf of my fellow Thunder Bay Police Services Board members, I'm proud to report that 2012 was the first year of our new three year business plan. This annual report is designed to give you an insight into the activities which support this business plan.

Each year, we will provide the citizens of Thunder Bay and Municipality of Oliver Paipoonge with a report on the progress this police service has made to meet the goals set by the board. You'll also find the results of our citizen satisfaction survey and comprehensive statistical report.

The Thunder Bay Police Services Board has a vital role in the civilian oversight and we as board members represent your interests. Policing has become a very complex part of the municipal service delivery model. The Board works closely with the Chief of Police and his staff to ensure that adequate and effective policing services are provided.

As you read the 2012 annual report, you will appreciate the fine efforts of all the members of the Thunder Bay Police Service. Their dedication and professionalism is second to none.

The members of the Police Services Board:

Sincerely

MESSAGE FROM CHIEF OF POLICE

It is my privilege to present the 2012 Annual Report on behalf of the Thunder Bay Police Service.

We continually review our progress in meeting the goals of our business plan. There are a number of factors in quantifying our progress. Statistics offer insight into crime trends, citizens are surveyed and we list activities which support the plan on an ongoing basis. This annual report offers our citizens tangible measures of our success.

Although there will always be room for improvement in areas such as crime prevention and community safety, I am very pleased that our clearance rate continues to be above the national average and we in fact saw a improvement from 2011 to 2012. I feel that this is a reflection of the hard work being done by the men and women of our service.

I am also pleased to see a decrease in both violent crime and property crime for 2012. I hope to see this trend continue as we introduce new initiatives such as Zone Watch which will augment our new Zone Policing deployment model. This new program and deployment model will help our members better connect with people who live, work and run businesses in the communities that we police.

As I've often said, to serve and protect are more than words. All members, sworn and civilian are dedicated to the goal of making Thunder Bay and Oliver Paipoonge safe and vibrant communities. The strength of a municipal police service is in its people. Our members have an important stake in this community and share the hopes and dreams of everyone. That is to build upon our collective strengths and face our combined challenges.

A handwritten signature in black ink, reading "J.P. Levesque".

J.P. Levesque
Chief of Police

Thunder Bay Police Service is committed to working in partnership with the public to serve and protect our communities in a sensitive, efficient, and effective manner.

VALUES

Honesty

We are truthful and open in our interactions with members of our communities and with each other.

Integrity

We are honourable, trustworthy and accountable to the people we serve.

Fairness

We treat all members of our communities and each other in an impartial, equitable and sensitive manner.

Reliability

We are conscientious, professional, responsible and dependable in our interactions with our communities and each other.

Teamwork

We work together with our communities and within our organization to achieve mutual goals, making use of diverse knowledge, skills and abilities.

Positive Attitude

We interact in a positive and constructive manner with our communities and with each other.

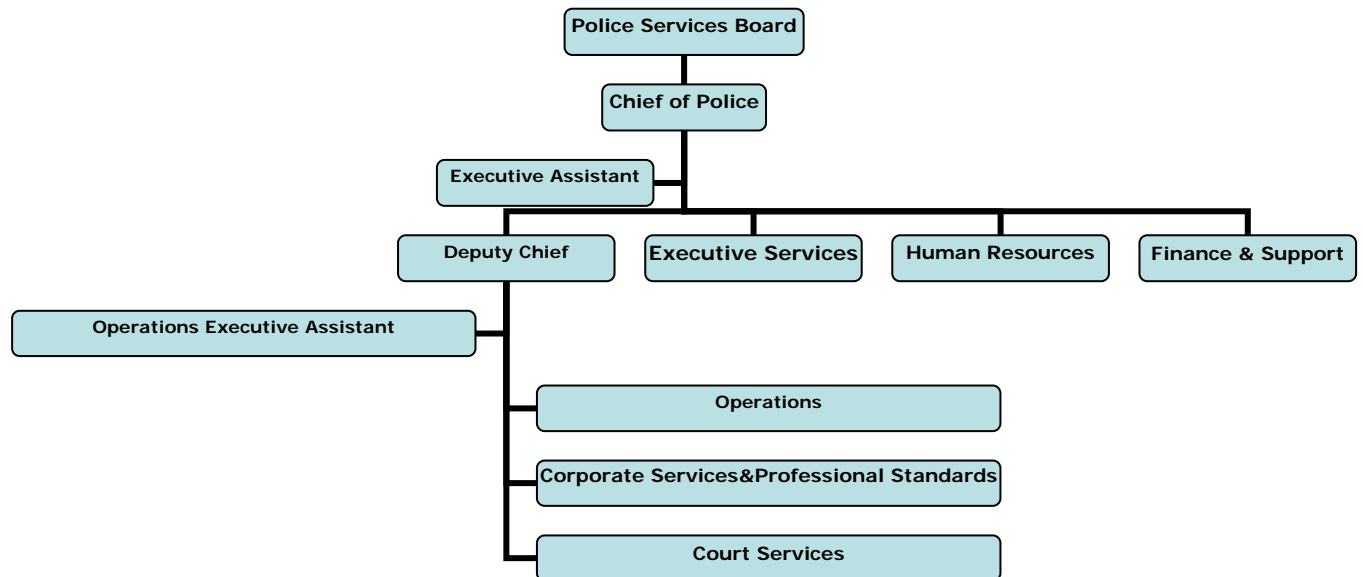

Community Partnerships

We develop and maintain relationships with community groups and agencies to meet changing needs.

Victim Sensitivity

We are committed to being supportive and helpful to victims of crime.

THUNDER BAY POLICE SERVICE ORGANIZATIONAL STRUCTURE

ANNUAL BUSINESS PLAN HIGHLIGHTS

Thunder Bay Police Service members continued to serve and protect our community in 2012.

2012 was a significant year for the reduction of crime. The push to make our community safer has been championed by the Thunder Bay Police Service. The results are impressive and reflect the efforts of our members as they respond to the goals set by the Thunder Bay Police Services Board through the 2012 to 2014 Business Plan.

The development of this business plan began in 2011 with a comprehensive look at issues and trends which have a direct relationship to public safety. Statistics relating to crime, calls for service and population trends are only one part of the environmental scan. The Thunder Bay Police Services Board took the input of the public, school administrators, businesses, city council and members of the service into consideration when it began the task of setting priorities for this plan.

The Thunder Bay Police Services Board approved a new business plan for 2012 to 2014. The Board developed this three year Business Plan in conjunction with the Senior Command of the Thunder Bay Police Service. The Board's membership at the time of the development of this plan included Joe Virdiramo – Chair, Allan Laakkonen – Vice Chair, Mayor Keith Hobbs, Jackie Dojack and Debra Johnsen.

The Board considered the issues facing the community and set the following priorities to guide the Police Service, with the goal of reducing and preventing crime and disorder.

- Crime prevention and community safety through progressive and proactive policing.
- Communication with and engagement of the community, regarding public safety and policing issues.
- Engagement of the Aboriginal community to address safety and policing issues.
- Maintenance of a respected and effective work force.

Meeting the goals of our Business Plan:

Many of the activities created to support the four goals of the Plan will take the full three years of the business cycle to have measurable results. The following are examples of initiatives which have been undertaken in 2012 to move the Plan forward.

Crime prevention and community safety through progressive and proactive policing.

There were a number of enforcement efforts aimed at disrupting the illicit drug trade in Thunder Bay. Coupled with new public education on crime prevention and safety initiatives, the following highlights illustrate the effort.

- Stop & Lock Campaign launched in April 2012. The campaign is simple; reduce the opportunity for petty criminals by securing vehicles, sheds, garages and homes. Simple measures to reduce property crime.

- Crime prevention and awareness outreach to the public during Police Week May 2012.
- Community Command Posts targeted two neighbourhoods in May 2012.
- Chief held a community meeting for parents regarding teen safety May 2012.
- A major investigation into a large drug trafficking network continued in 2012. Project Dolphin investigated a hierarchical and well organized criminal enterprise which was involved in the trafficking of drugs including Cocaine, Marihuana and

Oxycodone. It is alleged that this organization had supply and distribution contacts with other criminal enterprises including the Hells Angels and other organized crime groups in western Canada and Montreal.

- Traffic enforcement initiatives, including speed enforcement and education.
- Online reporting for citizens launched in April 2012. Online reporting has captured minor crimes or disorder issues that may have gone otherwise unreported.
- Training provided to more TBPS officers in Crime Prevention Through Environmental Design.
- Beat Officers continued to attend BIA meetings in the different business areas in the city.
- School Resource Officers continued with training in local schools regarding issues such as bullying, social media, and text messaging.

- In keeping with an updated Traffic Safety Plan, The Traffic Unit started a campaign to enforce distracted driving laws. In 2012, 300 charges for distracted driving were laid.

- Members of the Uniform Patrol Branch continued with training day projects. Projects included compliance checks at secondhand dealer shops, working with members of the Alcohol Gaming Commission to investigate liquor license establishments, personal safety talks at the Multicultural Center for new Canadians, and Sexual Offender Registry compliance checks.
- The criteria for self reporting motor vehicle collisions changed. More reports qualified for the Self Reporting Centre, thereby freeing up officers on the road.

Communication with and engagement of the community regarding public safety and policing issues.

- Partnering with Crime Prevention Council on communication and education initiatives.

- The TBPS was successful in 2012 in obtaining a \$97,000 grant from the Ontario Government to develop a new virtual community policing program including a new website and social media platforms. The new initiatives will launch in 2013.
- Media was given increased access to Senior Command staff.
- Traffic Unit assisted with the production of an anti texting while driving video and a video to target high school drinking and driving.
- Deputy Chief Andy Hay continued as a member of the Crime Prevention Council and the Co-ordinator of the Council, meeting on a regular basis with our Crime Prevention Officer.
- Members of our Service continued to sit on a vast number of committees both at the Municipal and Provincial level.
- Partnerships were established with other city agencies to promote awareness of issues including hoarding, traffic safety, elder abuse and youth concerns.
- The Chief of Police continued to attend town hall meetings and other open forums for open dialogue with members of the community. One such meeting dealt with teen safety issues for parents.
- Thunder Bay Police Service continued to engage local media in an open and transparent dialogue regarding investigations and public safety issues without compromising ongoing investigations.

Engagement of the Aboriginal community to address safety and policing issues.

- The Aboriginal Liaison Unit Advisory Committee began development of a new workplan.

- ALU organized a Community Cup Hockey event for Aboriginal youth.

- ALU committee saw an increase in its membership to 12 citizens.
- ALU officers participated in a program to educate the youth from Dennis Franklin Cromarty High School on the repercussions related to alcohol with youth.
- The Aboriginal Liaison Officers job descriptions were revised. One officer is tasked with community outreach, while the second officer is more strategic in nature and will be involved in hate and bias crime investigations, as well as establishing diversity training for the Service.
- The Chief of Police continued to meet with Aboriginal leaders formally and informally to have dialogue on policing issues.
- The Chief of Police addressed the students at Dennis Franklin Cromarty High School to discuss police and student relations regarding mutual respect and trust.
- Members of our Service flew into several Northern communities and spoke to youth who would be attending high school in Thunder Bay.
- NAN Legal Services was engaged to act as an intermediary regarding public complaints and victim and witness assistance pertaining to reporting to the police.
- Members of our Service held personal safety sessions with members of the Ontario Native Women's Association and Matawa First Nations.
- Aboriginal Liaison Officers continued to provide outreach at both the Boys and Girls Club and Victoriaville Youth Center.
- The Chief of Police gave opening remarks at a suicide prevention forum hosted by NAN.
- The Elder Abuse Unit received Provincial funding to create literature and a video in Ojicree to better serve seniors in the Aboriginal community regarding education on elder abuse.

Maintenance of a respected and effective work force.

- The Chief and Deputy continued to work with the Police Association in a collaborative manner to improve labour relations.
- Communications Centre staff created their own mission statement and posters to support a positive work environment.

- The Senior Command Team continued to work in cooperation with the Thunder Bay Police Association to resolve issues which affect the membership.
- The LEAN Project, while still ongoing, started to streamline our Records Management System, which frees up officers time. The TBPS project has examined a number of key business processes.
- Exceptional work continued to be recognized. In 2012, 10 commendations were presented to deserving officers.

INTRODUCTION

The Citizen Satisfaction Survey is an annual project mandated by the Adequacy Standards and the Thunder Bay Police Service Business Plan. The primary purpose of the survey is to determine the degree to which citizens are familiar with as well as the degree to which citizens are satisfied with the Thunder Bay Police Service. Furthermore, the survey is designed to obtain information regarding areas of concern within the community. These findings in turn, identify areas of need within the community, which can enable the Thunder Bay Police Service to adjust programs and resources to meet the needs of the community.

ORGANIZATION OF THE SURVEY AND SAMPLE SELECTION

The online survey was advertised using a media release, the Thunder Bay Police Service Website, paid advertising and an “eblast” to the Thunder Bay Chamber of Commerce members. Approximately 1,107 responses were obtained.

FINDINGS

Demographics

Breakdown of Respondents by Age Category

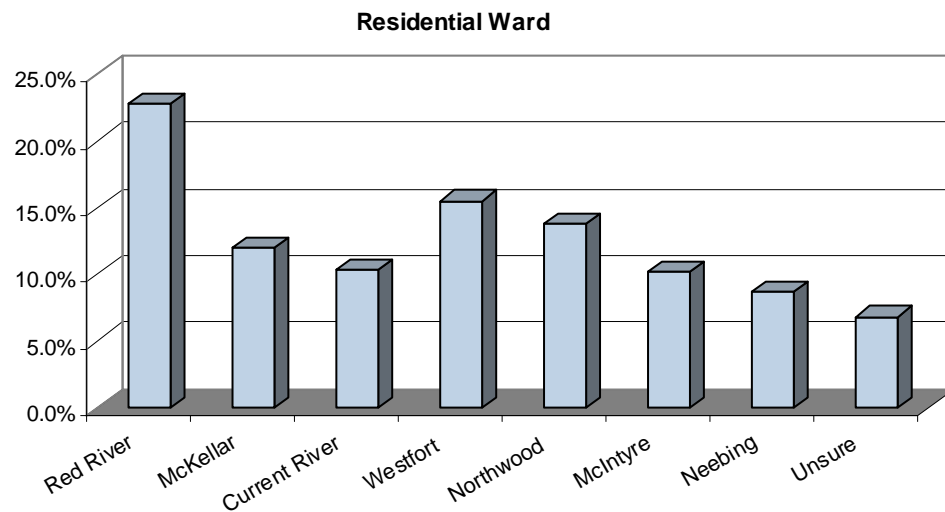

91.9% of the Respondents identified their ethnicity as “Caucasian”

5.4% of the Respondents identified their ethnicity as “Aboriginal”

2.7% of the Respondents identified their ethnicity as “Racial Minority”

Distribution of respondents by city ward

89% of Respondents have resided in Thunder Bay for over 10 years.

Public Perception Of Safety, Policing Issues And Perception Of Crime Rates

Questions were included in the survey in order to gain a sense of the public's perception of safety within their neighbourhood, as well as the respondents' perception of crime within their neighbourhoods. Questions were also included to gain a sense of what the main policing issues within their neighbourhoods were.

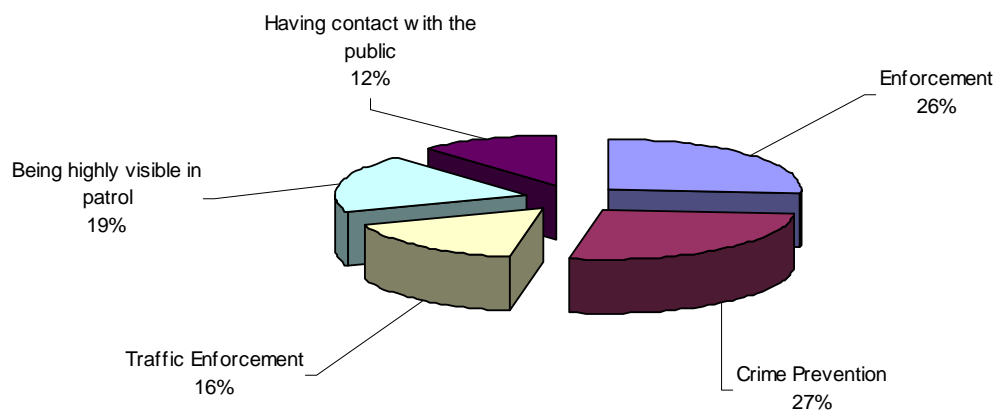

How safe do you feel walking along the street or sidewalk during the daylight hours in your neighbourhood?

How safe do you feel walking along the street or sidewalk at night in your neighbourhood?

Participants were asked to rate what they felt the most important policing issues were.

Public Contact And Public Satisfaction With Police

A number of questions were posed to participants to gain information on public perception of the Thunder Bay Police Service as well as public interaction with the Thunder Bay Police Service. One question posed was where the public got their information or news regarding the Thunder Bay Police.

Information Received about the Thunder Bay Police Service

52% of the respondents phoned the police for any reason in the past two years.

Top three reasons people called police.

1. Reporting a crime 40.3%
2. Looking for help or advice 35.6%
3. A victim of crime 24.1%

64% of respondents had direct contact with a police officer in the past two years.

Participants were asked how they would rate their experience with the Thunder Bay Police Service.

Very Satisfied	26.7%
Satisfied	43.1%
Not Satisfied	26.7%

Participants were asked if they felt the members of Thunder Bay Police Service were doing a good job.
